Check out 94.25"TTT Hot Temper. Sired by the Stockton/Burton breeding of Tempter and Serenity. Now you're bringing in that Butler cross on the bottom side with that great American Fire and pay attention here, Rosalyn's Volcano. If twist is something you think there needs to be more of, like to breed it and like to sell it, this is the female for you. She not only has four generations of it within her pedigree, she also produces it. Low and tight.

**Total Horn:** 99.2500 on 04/15/2024
