What a beautiful cow. She measured 71 1/2" ttt and 80 1/2" total horn with 12" bases on her 4th birthday. This is a fantastic offering, not only are you getting this big horned Emperor granddaughter, but she is bred back to KC Commando the sire of a beautiful red/white paint heifer. Come on folks, I don't know what else you could ask for. Very gentle cow. Hip height of 51". Should calve in May. Photo taken 1/16/16.
