Buzz Saw was co-owned with Red McCombs. He had the same gentle disposition as his grand sire Chuckwagon who we owned. Current horn measurement is 77 ttt. Based on the calves of Ben Gravett and Red McCombs he appears to produce on par with Sittin Bull. We should have 40+ calves to be excited about in 2011/2012. He died in a tragic death while being housed at Sexing Technologies waiting to be collected. This is a great loss.
