Tejas Star has out done himself with this outstanding son, a terrific pedigree with Starliner/Starlight top AND bottom, Delta Van Horn on top and Roundup on the bottom side --- Startex is putting on horn rapidly and Chris Clark is breeding him to his entire herd. Tejas Star is now widely recognized as a superstar --- turning out big horn progeny. Startex is one of his best sons. It will be late 2012 when Startex calves start dropping at Circle Double

**Total Horn:** 85.0000 on 10/12/2012  
**TTT:** 70.2500 on 10/12/2012  
**Composite:** 182.1250 on 10/12/2012
