Young cow with a horn pedigree second to none. Sire is the incredible 87" TTT Top Caliber. Dam is the 83" TTT EOT Outback Barbie. Barbie continues to put on horn at an incredible pace. She was 80" TTT @ 4 years and 4 months. 85" TTT @ 5 years and 6 months. Headed for 90" TTT for sure. Look at the twisty horns going straight out. She may turn out to be Top Caliber's biggest horned daughter.
