This very correct big horned cow is HCR on top and LLL Lucky on the bottom. She has nearly 90" of total horn and is 71.5" TTT. Her 2019 heifer was one of the most colorful females we had that year and we are keeping her as a replacement. Darn Lucky is a steady producer who raises a large healthy calf every year. She sells exposed to Patriot HR from 6/15/20 to sale date. She is tested negative for TB, Brucellosis, and Johnes.

Total Horn: 89.0000 on 04/20/2020
