We've had tremendous success crossing Working Man Chex, Watson 167 and Bandera Chex. The results have been solid producers who can easily remain fleshy and raise a big calf. Spring Rhapsody has beautiful daughters and each one sired by a different bull! She's got a cool backwards sweep to her horns. She's exposed to Justify and will calve anytime now

**Total Horn:** 73.0000 on 11/02/2019  
**TTT:** 75.5000 on 04/03/2024
